 - Coordinators will record the team's completion time at each level and apply penalties wherever necessary.
-

Gameplay Overview

1. Objective:

The goal is to be the **first team to unlock the final mystery box**, using clues gathered through all levels, while maintaining the lowest total time (including penalties).

2. Game Format:

- The treasure hunt consists of **5 levels**, each containing unique activities or puzzles and hunts
- Completing each level provides your team with a **clue** to move ahead. Your teams' clue would have your teams name written over it if applicable.
- Every team will have a **distinct trail or route** across the campus to ensure fairness and to minimize overlap.
- Your team coordinator will lead and monitor your progress at each stage.

3. Gameplay Etiquette:

- Use logical thinking, teamwork, and communication effectively.
- Follow your coordinator's instructions carefully—they ensure smooth flow and fair play.
- Remember: *It's not just a race, it's a test of coordination and wit!*

Time & Penalty Rules

1. Time Tracking:

- Your coordinator will monitor your start and completion time for every level.
- The **final team time = total completion time + penalty time.**

2. Penalties:

- Taking a **hint** from your coordinator → **+30seconds.**
- Any team found tampering clues of other teams would be immediately disqualified.

- **Misconduct, arguing, or disrespectful behavior** → *Immediate disqualification* at the discretion of the coordinator.
- **Late reporting or absence** → Team will be considered **disqualified** if not present when the event begins.

3. **Withdrawal:**

- A team may withdraw **only if all 4 members mutually agree** to do so.
-

Judging Criteria

1. **Primary Factor:**

- The **total time** taken to unlock the final mystery box, including penalties.

2. **Tiebreaker:**

- In case of identical total times, the team with **fewer hints taken** will be ranked higher.
- If still tied, the team that completed the **final level first** will win.

3. **Decision Authority:**

- The decision of the **Event Coordinators and IEEE VGEC Organizing Committee** will be **final and binding**.
-
